U01200 盘(架) REEL FRAME

This technical drawing is an exploded view of a Reel Frame (U01200). It illustrates the assembly of various components, including structural beams (010, 020), rollers (040, 050), and fasteners (060, 070, 080). The diagram shows how these parts are joined to form the complete reel frame structure. Key features include a main horizontal beam (010) with a vertical support (040) and a roller (050) assembly. The roller assembly includes a roller body (050) and a mounting bracket (020). The fasteners (060, 070, 080) are shown in their respective positions relative to the components they secure.
